Switch & Routing Practice

- Our workshop will be taught using virtual routers/switches (dynamips) running on a small PC

- You will use both ssh and telnet to access these devices from your laptop

- You will be working in groups

Key for Success

- Remember, this workshop is for you!
  - If you do not understand or have questions, ask for clarification
  - Please share your thoughts and experiences. They are valuable
  - Take advantage of the event to meet your colleagues and build the "human network"

Signup Sheet and Name/Email Correction

- We have signup sheets for morning and afternoon signups. I will pass this around this morning, but we will keep it on the instructor table. Please remember to sign in every morning/afternoon

- Later this week we will pass around a sheet for you to correct the spelling of your name and your email address. We need your correct name for the completion certificates.
